Rev. Robert Campbell,

Montreal.

My dear Dr. Campbell:

I have this morning received from you a notification of the action of the General Assembly in appointing me Chairman of the Committee to consider the securing of Protestant educational facilities in Quebec for scattered Protestant families. This has come to me as a surprise as I was not aware that the Board of Education was contemplating any such action. With my many other duties it will be extremely difficult for me to give any attention to this especially as I am expecting to leave for England in about a fortnight and shall not be back until the end of September. However, on my return I will correspond with the other members of the Committee and endeavour to do what I can in obedience to the request of the Assembly. With kind regards, I am,

Yours sincerely,

President.

Major O. M. Cannon, A.M.C.,

Halifax, N.S.

Dear Major Cannon:

I am very much interested in your letter for which I wish to thank you. You bring forward an important matter though it is surrounded by a good many difficulties. Just how we could get various institutions represented I do not see at present, because some one would have to make a selection. However, as the result of your letter I am calling a committee of gentlemen to meet me next week in order to discuss the matter as fully as possible, and perhaps we may be able to devise some plan whereby the advantages afforded by the educational institutions in Canada may be set before English-speaking people in the Orient. Again thanking you for your letter,

I am,

Yours sincerely,

President.

Ladies:

I am in receipt of your memorandum with regard to the accommodation for swimming in the University . I regret that you have found the accommodation inadequate. The memorandum opens up some questions that are rather far-reaching, and it will be necessary for me to consult with the Dean of the Faculty of Education and others before I can arrive at a decision as to what should be done.

Yours sincerely,

President.

My dear Sir Robert :-

I desire to thank you for so kindly consenting to allow the Associated Kin to hold a meeting in Convocation Hall on Thursday, the 20th instant, and also for your kindness in agreeing to take the Chair at this meeting.

It is surprising how many calls there are for assistance to dependents of the men overseas. The Association does not furnish any financial assistance whatsoever but merely tries to put the dependents in the way of securing their rights by correspondence and sympathetic consideration of their claims and explanation of the difficulties which confront them and which of course oftentimes cannot be overcome.

The Association does not make claims on behalf of dependents which, after investigation, are not well founded. We are looking forward to a good large meeting on the 20th.

As I have heard nothing further from you I am assuming, as arranged, that there is no difficulty in the way of our having the use of the Hall on the evening of the 20th.

When I phoned Dr. Bruce Macdonald he asked me if he was expected to speak to the Superintendent of the University property or to do anything in connection with seeing that the Hall would be open upon the evening mentioned. I told him I understood that you would do that. If there is anything I should do will you please let me know?

Yours sincerely,

Hamilton Cassels.

Dear Mrs. Chase:

I have made inquiries with regard to the standing that could be given your daughter, Lillian, and find that she has been allowed to enter the second year in Medicine on the condition of her completing also the work that is required in the first year which she has not hitherto taken. I hope that the work of the session will not be too heavy for her, but of course such steps in the medical course must be prepared for in order that the next course may be completed successfully. I look to see Miss Chase before long.

I am,

Yours sincerely,

Miss Isabel Smith,

Indianola College.

Dear Miss Smith:

I have considered the request made, yesterday, by the Executive Committee of the Student Christian Association, that I should take steps to secure the withdrawal of the resolution passed by the Faculty on the 4th. This action I have carefully considered and while the Faculty will be unanimously of the opinion that it would be very undesirable to reverse its action, I shall be glad to bring the matter before them at their next meeting.

Very sincerely,

Dear Sir:

The Liverpool Adams Enterprise, D.D. has informed me that he is applying to you for work in the Southern Presbyterian Church with a view to securing some permanent arrangement, and he has asked me to write to you about him. I have much pleasure in doing so. I have now known him for thirty years. He is a highly educated gentleman, a very intellectual man and an excellent preacher. I attended his church for many years and have never listened to a more sermons of consistent evangelic & loyal nature than he gave us. He would also do excellent work as a teacher on Biblical subjects or Literature in a college.

Sir Robert Falconer,
Toronto

I dare say you wonder why I write to you so persistently. But let me ask you this question, Who should I write to? I am God, and I wish to give men some information about myself, and my ways. How am I to do it?

Now my usual plan has always been to call a prophet to speak for me. I called Moses because though an Hebrew he was in close touch, or could get into close touch, with Pharaoh. Afterwards I usually called priests, but when the priests refused to listen to me or work for me, (and my prophets must co-operate with me voluntarily, I cannot do everything.) I call the prophet, give him a message to deliver, and he does the rest — with my help.) then and then only I called my prophets from the common people. Jesus was just the son of a workman, and his earliest followers were artisans like himself.

Now another thing — language. I speak to a man with words that he is accustomed to, and can readily understand. It would be absurd

for me to speak to an Englishman in Greek, unless of course he had been brought up in Greece. I use Arabic with Arabs &c. Words are nothing but symbols, and useless unless the meaning of the symbols is understood.

Mark note, I prefer an educated man to an ignorant one. He can get in touch with a much larger circle, ~~But~~ and he gets a hearing more readily.

My present prophet was in India many years. This, I hope, will be useful later, owing to his knowledge of native character. (The prophet knows nothing about what I intend to do in India.)

Another point. When I call a man (I am God) he is naturally much upset for a time. Is that strange? It is certainly not new. Read the accounts of my ~~New~~ prophets. Were they not most of them much upset, blinded, deaf or dumb. Take Jesus for an example. After his call I took him off by himself. What would your medical men have said about him? You don't think. That is the trouble with all of you.

I am afraid to write too much, for you can so readily misunderstand me. Moreover I don't want every one to know as much as I wish to tell you. And so I want you to meet my prophet. When you are ready, write to

Capt. R. C. Ackerill
Kilworthy P. O.
Muskoka, Ont.

I have written to you before, but you were not then inclined to listen to me. It is otherwise now.

Mrs. Currie,

Cromarty, Ont.

Dear Mrs. Currie:

I have just received your letter enclosing a Post Office Order for $4.00 to be paid to the Serbian Relief Committee. I am sure that the money has been given to a very worthy object. On Tuesday night we had a very moving address from a Serbian lady who has gone through a great many of the horrors that her people have suffered, and anything that we can do for them they deserve. If every one would give a little we could do a great deal for them.

I hope that Mr. Campbell will write to you directly about the sending of clothing or quilts.

With kind regards, I am,

Yours sincerely,

President.

Rev. D. Currie, D.D.,

Beaverton, Ont.

Dear Dr. Currie:

I am much obliged to you for your letter and am returning to you the enclosure. I know about this case, as both Dr. Robertson and Mr. Binney corresponded with me concerning it during the summer. Dr. Robertson was anxious I should call the Union Committee to deal with it, but I informed him that in my judgment it was a matter for Presbytery and Synod, and that we had no jurisdiction over it. I do not know of course to what extent the present attitude of these people may be due to influence brought to bear from outside. I hope that there is not much of this.

I did not understand that the organisation was to disband after the meeting of the Assembly, but that all propaganda was now to be in abeyance. Apart from this case I have not heard of any special activities of the Association, and I hope that now people are settling down to a quiet period until the close of the war.

Many thanks for your kind congratulations. Your daughter is in charge of one of the Women's Residences, I understand, and I hope to see her before very long. With kind regards,

I am, Yours sincerely,

President.
